FOR IMMEDIATE RELEASE

Zorra Takes Action in Response to Spread of COVID-19 in Canada

NEWS

The Township of Zorra is continuing to take action in response to the spread of COVID-19 (novel coronavirus) in Canada.

Beginning Monday, March 16, 2020, entry to the Municipal Office will be by appointment only. All recreation facilities are closed to the public until further notice.

Anyone who wishes to conduct in-person business is advised to phone 519-485-2490 and discuss their needs with a customer service representative. Callers will be directed to online services if available, or offered other options as appropriate.

If staff deem that an in-person visit to a Township Office is required, callers will be asked questions regarding their travel and health history prior to booking an appointment. Visitors with confirmed appointments should be prepared to show identification upon arrival.

The Township is also implementing enhanced cleaning and hygiene measures at all Township facilities. In addition, staff who have travelled internationally recently will be requested to self-quarantine.

The Township recognizes that these changing service levels may present a challenge to some citizens, however we would not take this action if we did not believe it was in the best interest of the community.

BACKGROUND

Located in the heart of southwestern Ontario, Zorra Township has a population of approximately 8,400 people in a rural/urban setting. The Township comprises several rural clusters and two serviced villages. Zorra's vision is for a vibrant, prosperous, engaged and environmentally conscious community that evokes pride in residents for its accomplishments and continuing resilience as it forges the future.
