

NEW MEETING INFO - iCompass

Township of Zorra Council and Committees

The Township of Zorra prides ourselves on being accessible to all our residents and providing information to people as easily as possible. The Township of Zorra recently purchased the **iCompass** meeting management software to help create a more accessible meeting process and procedure for Zorra Township residents.

So, what can iCompass do for residents? The Township's online iCompass portal will allow residents to view Zorra Council and Committee agendas and minutes, submit delegation requests and public comments, and search documents (such as agendas, minutes, reports, and agenda attachments) all from one easily accessible portal. The iCompass portal will act as a one-stop-shop for all Zorra Council and Committee meeting needs.

The portal can be accessed here: zorra.civicweb.net/portal/

There are additional direct links to the portal on the Township website on the Council Agenda and Minutes page, as well as all Township Committee pages.

If you have any questions about navigating the Township's iCompass portal please reach out to Alycia Wettlaufer, Legislative Coordinator/Deputy Clerk at awettlaufer@zorra.ca or 519-485-2490 ext. 7250.
