

Neighbourhood Support Form for Traffic Calming Measures

What is traffic calming? The purpose of traffic calming is to reduce the negative effects of motor vehicle use, alter driver behaviour and improve conditions for non-motorized street users. It is not intended for locations where there is ongoing construction and changing traffic patterns, or where only a few motorists are speeding; police enforcement is the best solution in such situations.

What are the disadvantages of traffic calming? Please be aware that traffic calming may increase both noise and air pollution, as vehicles slowdown in advance of potential traffic calming measures (i.e., speed cushion).

Should you require additional information, please review the Township of Springwater Traffic Calming Guide, or contact the Township Office.

We, the undersigned, request a traffic calming assessment on the section of road listed below:

Street: _____

From: _____ To: _____

Description of concerns and request for traffic calming:

Completed forms can be delivered in person or by mail to the Township office, or submitted electronically:

Township of Zorra
163 Brock Street, PO Box 189
Thamesford Ontario
N0M 2M0

OR

soliver@zorra.ca

Please note that incomplete Neighbourhood Support Forms will NOT be accepted.

Neighbourhood Support Form

BY SIGNING BELOW, YOU ARE ACKNOWLEDGING THAT YOU HAVE READ AND AGREED WITH THE REQUEST AS OUTLINED ON THE PREVIOUS PAGE.

Only ONE (1) member per household may sign the Neighbourhood Support Form.
